

Earth Day at the Capitol

April 21, 2016,
11:30-2:00

Christ Lutheran Church
105 University Ave. W, St Paul

Join us on Thursday April 21st to celebrate Earth Day!

We'll gather at Christ Lutheran Church and then march to the Leif Erickson Park (in front of the State Office Building) where we'll call on our legislators to Keep It in the Ground and ensure a Just and Equitable Transition to Clean Energy. Through music, song, and movement we'll share our stories of the world we know is possible, and share our vision for how to get there.

Lutheran Advocacy – Minnesota

God's Love in Jesus Christ moves us to advocate for policies that promote justice and care for all of God's Creation.
