

Happy Valentine's Day

Love the Earth

Happy Valentine's Day

Love the Earth

Dear Senator,

This Valentine's Day, let's love the Earth and the air we breathe. As a person of faith, I believe we have a moral obligation to be good stewards of Creation and therefore I urge you to oppose efforts in Congress to block the EPA's ability to enforce the Clean Air Act, which has protected Americans' health and cleaned up air pollution for the past 40 years.

I strongly oppose efforts to roll back this landmark environmental law and allow industry to emit dangerous levels of toxins and global warming pollution. All people deserve clean air and a safe climate.

Please consider our children's future and do the right thing: oppose efforts to weaken or delay enforcement of the Clean Air Act.

Sincerely,

Name _____

Street Address _____
